Report on Awareness Program on Prevention of Malaria and Dengue

Venue:Govt.Polytechnic,Kamalapuram
Organised by NSS UNIT GPT Kamalapuram

Date:25-07-2025

An awareness program on the prevention of Malaria and Dengue was successfully conducted at Govt. Polytechnic, Kamalapuram, under the guidance of **Sri D. Satyanarayana Reddy**, Principal of the institution. The event was organized by the NSS Unit, coordinated by **Sri C. Madhu**, Lecturer in English and NSS Program Officer.

The program was graced by the presence of **Sri Lakshmai**, Government Health Officer, along with other medical officials. In his address, Sri Lakshmai highlighted various crucial strategies for the elimination of Malaria and Dengue, focusing on the importance of controlling mosquito breeding, ensuring environmental sanitation, and spreading community-level awareness.

Health officer Visited Hostel Premises of GPT Kamalapuram

Smt. S. Lalitha, Head of the Department of ECE, and Dr. B. Venkateswarlu, Head of the Department of EEE, attended the event as chair members. They appreciated the initiative taken by the NSS Unit and stressed the importance of

active student and staff participation in preventive measures to combat vector-borne diseases.

The program concluded with an interactive session where students clarified their doubts related to prevention, symptoms, and early detection of Malaria and Dengue, making the event highly engaging and informative.

Finally, Principal Sri D. Satyanarayana Reddy appreciated and congratulated the medical and health officials, the Heads of ECE and EEE departments, all teaching and non-teaching staff, and the students for their active participation and valuable contribution to making the program a success.

Overall, the awareness program significantly enhanced understanding about the prevention of Malaria and Dengue and inspired everyone to take collective action towards creating a healthier and safer community.
